### Impact Assessment

Impact Level: 1

Current Score: 0

Raw Impact Score: 0

Mitigation Score: 0

Which of the following best describes the type of automation you are planning?

- ☐ Full automation (the system will make an administrative decision)
- ☐ Partial automation (the system will contribute to administrative decision-making by supporting an officer through assessments, recommendations, intermediate decisions, or other outputs)

Please describe the role of the system in the decision-making process.

Will the system be making decisions or assessments that require judgement or discretion?

- ☐ Yes
- ☐ No

Please describe the criteria used to evaluate client data and the operations applied to process it.

Please describe the output produced by the system and any relevant information needed to interpret it in the context of the administrative decision.

Will the system perform an assessment or other operation that would not otherwise be completed by a human?

- ☐ Yes
- ☐ No

Is the system used by a different part of the organization than the ones who developed it?

- ☐ Yes
- ☐ No

Are the impacts resulting from the decision reversible?

Choose...▼

How long will impacts from the decision last?

Choose...▼

Please describe why the impacts resulting from the decision are as per selected option above.

The impacts that the decision will have on the rights or freedoms of individuals will likely be:

Choose...▼

Please describe why the impacts resulting from the decision are as per selected option above.

The impacts that the decision will have on the equality, dignity, privacy, and autonomy of individuals will likely be:

Choose...

Please describe why the impacts resulting from the decision are as per selected option above.

The impacts that the decision will have on the health and well-being of individuals will likely be:

Choose...

Please describe why the impacts resulting from the decision are as per selected option above.

The impacts that the decision will have on the economic interests of individuals will likely be:

Choose...

Please describe why the impacts resulting from the decision are as per selected option above.

The impacts that the decision will have on the ongoing sustainability of an environmental ecosystem, will likely be:

Choose...

Please describe why the impacts resulting from the decision are as per selected option above.
